Policies, rules and regulations for the implementation of the incremental increase on recruitment and training of women issued: • Within 6 months from issuance of IRR • After 6 months from issuance of IRR.				
Enhanced services, procedure and protocols in providing women victims of gender related offenses.				
Number of women involved in planning and management of relief operations.				
Policies issued on participation of women in planning and				

management of relief operations.				
Relief Programs that comply with international standards such as MISP (Minimum Initial Service Package) and other humanitarian service package for disaster and armed conflict situations.				
Documented cases of pregnant women, lactating mothers, women and mothers with dependent children, who are arrested, detained and interned for reasons related to armed conflict.				
Reports on psycho-social interventions provided to combatants and noncombatants especially children who suffered from armed conflict.				
Reports/documentated cases of women and girls forcibly recruited for armed conflict.				
Cases of women especially indigenous and Moro women forced to abandon their lands, territories and means of subsistence or relocate them in special centers for military purposes				
Functional VAW desks.				
Conduct of VAW desk monitoring and evaluation.				
Incidence and number of violence against women and children, by type.				
Presence and types of services to prevent domestic violence.				
Presence and types of services and mechanism to prevent human trafficking.				
Presence of rehabilitation/development/crisis centers for women (includes availability of counselling program, treatment for physical injuries, temporary shelter, legal services, productivity /livelihood program and job referral system).				

Presence of a VAW referral system.				
Availability and frequency of trainings conducted on the rights of women to be free from all forms of violence whether physical, sexual, emotional, mental or economic abuse, (latest available at least 2 years).				
Availability of local facilities or officers providing support services such as counselling, temporary shelter and childcare for VAW victims, (latest available at least 2 years).				
Presence of NGO-run shelters and drop-in centers for the rehabilitation of prostituted and exploited women and girls, (latest available at least 2 years)				
Percentage of women who are aware of VAW (all forms, including domestic violence, marital rape and incest) to total women (interviewed), (latest available at least 2 years).				
Presence and implementation of programs reintegrating prostituted women into society.				
Number of VAW victims provided with legal aid to total number of VAW victims, (latest available at least 2 years).				
Number of reported VAWC cases, (latest available at least 2 years)				
Number of reported VAWC cases served, 2 reference years.				
Number of cases filed against traffickers and exploiters of prostituted women, (latest available at least 2 years).				
Number of convictions against traffickers and exploiters of prostituted women, (latest available at least 2 years).				
Number of political detainees/executions/other human rights violations, by sex				

and age group, (latest available at least 2 years).				
Number of women victims of VAW, exploitation and trafficking provided with rehabilitation, social integration and economic empowerment program and other support services, to total number of reported victims, (latest available at least 2 years).				
Standards and gender -fair modules developed (on marriage, family relations, parent effectiveness, shared parenting and household responsibilities and non -sexist child rearing adopted).				
Standards and gender fair modules on marriage, family relations, parent effectiveness, shared parenting and household responsibilities and non -sexist child rearing adopted.				
Conduct of gender -sensitive pre -marriage counselling program to promote family planning, responsible parenthood, equal relations and shared responsibility between spouses in parenting and household management.				
Provision of trainings and seminars to barangays on the education and popularization of the MCW and the Family Code, especially on the obligation and responsibilities of spouses to eliminate gender bias.				
Number and type of measures adopted by camp managers to prevent sexual violence in evacuation centers and relocation sites.				
Functional disaster coordination councils at the regional and local level.				
Number of women involved in the development of a gender -responsive disaster management, including				

preparedness, mitigation, risk reduction and adaptation (local)				
Number of women beneficiaries provided with basic services such as food, water and sanitary packs, psycho -social support, livelihood and education				
Number of women beneficiaries (by reproductive health condition) in disaster stricken areas receiving MISP for sexual reproductive health at early stages of crisis.				
Women members of various evacuation centers/camps committees organized for food and water distribution, nutrition, sanitation and hygiene, shelter, health, education, protection, and security and safety especially in decision -making.				
Social protection policies, programs and services implemented for women and other marginalized sectors.				
Indigenous and community - based social protection and policies and programs developed and/or enhanced				
Social protection policies and programs reviewed and enhanced to ensure benefit packages are responsive and the premiums are affordable.				
Poverty reduction programs and services mainstreamed with social protection (including Occupational Safety and Health, Disaster Risk Reduction Management) at the local level.				
Labor market programs sustained to create employment and alternative livelihood following decent work standards				
Health insurance programs for senior citizens and indigents developed				
Senior citizens and indigents who have availed of insurance				

programs (total senior citizens and registered).				
Community-based social protection schemes and programs developed for women with disabilities.				
Women with disabilities that availed of community-based social protection schemes and programs.				
Proportion of population with incomes below poverty line.				
Proportion of households whose members eat less than 3 full meals a day, 2 reference years				
Livelihood and skills development training, seminars, and scholarship grants for women migrant workers.				
Skills training, counselling and other support services integrated with entrepreneurship and GAD.				
Number of livelihood training programs for women.				
Presence of Day Care Center Percentage of Barangays with Day Care Centers +	Yes			
Number/percentage of LGU constituents with access to livelihood training programs of the LGU, by sex.				
Proportion of children below 15 years old who are employed to the total members of employed persons, by sex.				
Availability of in service/employment trainings with legal literacy training and awareness-raising for women in the labor force, on their rights as employees, over total in service trainings conducted, (latest available at least 2 years).				
Number of trainings on marketing, export development and join venture promotion to female entrepreneurs and relevant association, over total
